TITAN BT		
Längd med gavlar Length with ends	mm	895
Höjd Height	mm	2190
Djup Depth	mm	830
Arbetstemperatur Working temperature		-22° / -25° C
Energi märkning Energy label		

Thermo glass endwalls
Vertical LED
440mm wire shelf
Automatic evaporation of
condense water
Simple cleaning, Lift the grille up and out

No Tools Needed!

Information related to energy class (Ecodesign Regulation 2019/2024 and Energy Labelling Regulation 2019/2018) refers to specific product configurations. All configurations other than that presented in the website could require significantly different energy class information. For further details, either consult the European Product Database for Energy Labelling (EPREL) or contact our sales office.
